

# GDP Guidelines for the Veterinary sector

## Rules and Guidance for Pharmaceutical Distributors 2017

A single sentence in the Veterinary Medicines Directorate states that the WDA(V) holder must “comply with the Guidelines on Good Distribution Practice of Medicinal Products for Human Use as if the veterinary medicinal products were authorised human medicinal products”. A few words but with very significant demands on Veterinary Authorisation holders. This course provides a complete, in-depth guide to the GDP guidelines, and how they should be interpreted by Veterinary wholesale personnel.

A section on the Wholesale Dealer Qualified Person (WQP) fully explains the demands and responsibilities required of this role.

This is an intensive, practical, full day course, delivered with a very down to earth approach. Various example scenarios are used for delegate interaction, providing invaluable awareness of key areas of the Guidelines.

The course is suitable for all levels of personnel involved with GDP for veterinary medicinal products.

The new GDP guidelines require that training is “demonstrably effective” and there will be a multi-choice test at the end of the course (with opportunity to re-take if the required pass mark is not initially achieved).

Our trainers are Consultant RPs, registered with the MHRA, and constantly attending MHRA WDA inspections. The trainers will be available throughout the day to offer individual advice, and will be happy to provide email follow up if required.

### Who should attend:

- Anyone working within Good Distribution Guidelines for Medicinal Products for Veterinary Use, including senior management, RP, deputy RP, warehouse personnel, buyers, sales teams, sales representatives, drivers and persons conducting WDA checks.

### Other information:

- An extensive delegate pack is also provided which contains invaluable information and documentation examples.
- Beautiful venue with 3 course lunch and all refreshments provided.
- £485 per delegate (£860 for two delegates).

“Everything was informative, enjoyable and well presented.”

“This course made a difficult subject light hearted.”
